MEMORANDUM FOR: Chairman, DCI Security Committee

FROM:
                  (Organization)

SUBJECT: DCID 1/19 - Vote Sheet

Item 1 - Definition of Sensitive Compartmented Information (SCI)

    Change the definition as drafted   __X__

    Keep the Old definition   _____

    Other (attach your proposal)   _____

Item 2 - NdA "Retro-Fit" Requirement

    (Note: The item here is whether or not DCID 1/19 will be a requirement to have all holders cf SCI accesses execute a new NdA which includes a prepublication review provision. FYI, our security colleagues in industry have strongly endorsed the idea of a <u>single</u> NdA which incorporates the prepublication review provision.

    Require Retro-Fit by all   __X__

    Allow prospective implementation   _____

    Other (attach your proposal)   _____

withdraw previous objection. Bg 6/1/83

Item 3 - Proximity Access

    Adopt the language of draft DCID 1/19   __X__

    Adopt the NSA proposed language   _____

    Other (attach your proposal)   _____

Item 4 - Basic SCI Accountability Requirements

(Note: The draft DCID 1/19 calls for keeping records of receipt of an SCI document for "at least six months" after receipt no matter how long the document is retained. Remember that we do not require internal accountability within a SCIF. Resource shortages are cited by several members as reasons not to hold receipts longer than 6 months. We thus face a possibility if we adopt this recommendation, 7 months after receipt of an SCI document, a SCIF could not tell us if they have it. We really should watch this one.)

Adopt the proposed DCID 1/19 language *life of doc. + 6 mos.*

Adopt the proposed CIA change
(6 months after destruction)   X

Other (attach your proposal)

Item 5 - Legislative Branch Access

(Note: Section 41 of the draft DCID is a summary of current DCI guidance to the Community - set forth in Chairman, NFIB memo for the NFIB, dated 10 June 1980, subject: Marking of Material Provided the Congress.)

Adopt language proposed in DCID 1/19   X

Adopt NSA recommendation (Sections 37-40 only)

Other (attach your proposal)

Item 6 - Use of Terms "SOIC" and "SIO"

Define both terms in the DCID 1/19 and use as proposed   X

Agree with NSA. Do not define or use "SIO"

Other (attach your proposal)
